

REMARKS/ARGUMENTS

It is respectfully submitted that the conclusion, ramifications, and scope clearly and acceptably distinguish over the prior art, since it is clear that the end of the portion is partially eliminated.

In view of these considerations, it is respectfully submitted that the cancelled conclusion, ramification, and scope should be considered as no longer acceptable with respect to the original conclusion, ramifications, and scope.

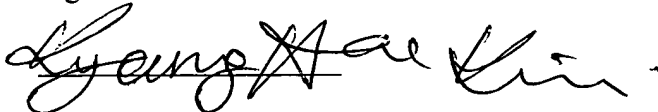

The original conclusion, ramifications, and scope should be considered as acceptably distinguishing over the art and should be allowed.

Respectfully submitted:
